

LAKE CENTRAL HIGH SCHOOL

Guidance Department

Class of 2024 - FRESHMEN

Scheduling

Designing your ideal schedule is an important decision. The high school master schedule is created, the budget is prepared, and staff is hired based on student course requests. Lake Central High School students are expected to invest quality time planning their course requests. This planning should consist of consultation with parents, teachers, counselors, college advisors, and anyone who could provide sound advice while working toward the student's long-term goals. As a result, students are expected to remain on the schedule that is provided for them at the beginning of the school year and parents must approve all changes.

What is PtE?

Pathways to Excellence is an opportunity twice a week for students to receive College and Career Readiness instruction as well as seek out tutoring opportunities.

GRADE 9 COURSE SELECTION

Lake Central High School utilizes Skyward, an online program for requesting courses. Students are expected to collaborate with teachers, counselors, and parents to create a high school plan that will not only fulfill Lake Central High School diploma requirements, but also provide a track towards college and/or career goals.

Required courses will be pre-loaded in your Course Planner based on recommendations that your current teachers have made. Students are encouraged to contact their teachers with questions or concerns regarding these recommendations. The courses below along with PE Gym and Pool are pre-loaded into each 9th grade student's schedule.

Course Requests

There are 7 potential "spots" to fill for each semester for a total of 14 for the school year. Each class is either a semester-long (1 credit) or year-long (2 credit) course. English 9, for example, is a year-long course and takes up a one credit request for each semester. Bold courses/subject areas are pre-loaded into the requests and are required to earn a diploma.

All students must request at least two alternate courses. If you plan to register for the Summer PE/Pool Lottery, you **MUST** have a minimum of FOUR alternate course requests (4 credits total) selected in Skyward. IF you win a spot for one or both summer classes, your counselor will then know what courses to replace your PE and Pool with in your course requests for next school year.
