GOODBYE CLARK

Dear Clark Middle School,

I first wanted to do Public Relations because I want to be a teacher and I wanted to see different grade levels. I wasn't sure if I wanted to teach little kids or big kids. I already worked with little kids at the time and Clark helped me realize that I definitely wanted to be with bigger kids. Clark also gave me a great way to keep up with photography. Most of the times you guys saw me around the school, I was wearing my camera. That's what I enjoy, taking pictures of you guys. It was so interesting to see how much fun you guys had in classes.

I wanted to write this letter to let you guys know I will be the last intern for a while. While Lake Central decided to stop having Public Relations be a class, all the PR kids have hopes that this class will come back eventually. We all love this class. While it can be a little stressful, I loved spending my time in Clark. Anyways, I just wanted to say thank you guys for being an awesome school. I'm very grateful for my time here and I will look back on it forever.
